# Imperial View Shorthorns

Dec. 4, 1943

It was my pleasure to visit the Ralph J. Taylor farm and ranch at Garden City, Kansas early this past Fall. To say that I was favorably impressed with the type and quality found here, is putting it mildly. The uniform modern type and excellent bloodlines that prevail throughout the entire herd of 125 head and the manner in which these cattle are developed and produced is further indicative of the soundness and 100 percent working condition of the carefully selected breeding herd.

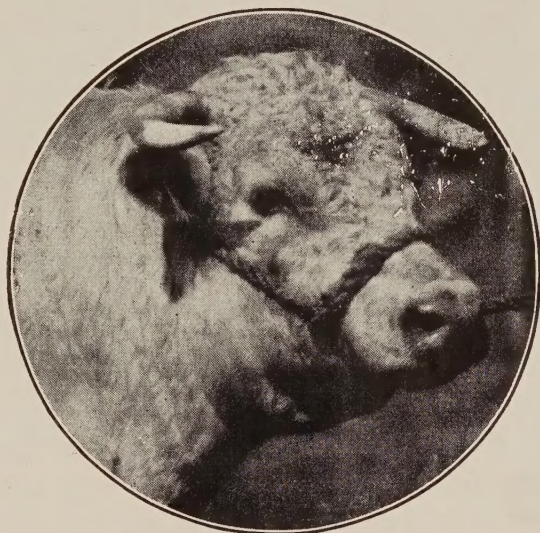

Breeders, farmers and ranchers will like the easy fleshing quality and uniform smoothness that characterize each and every lot. Produced as they are and from the most dependable and fashionable Scotch families, they are certain to prove profitable investments for those who buy them. For some thick made, easy fleshing, short legged "Distinctive Shorthorns" 'this is your finest buying opportunity.

The catalogue can tell you of the quality of the bloodlines represented, but to truly appreciate these cattle, plan now to attend this sale. The cuts are all made from untouched, amateur photographs and do not fully tell the story of the good quality of the cattle. You will be impressed by them.

## Terms and Conditions

We are making our catalogue of family groups to better show you the productivity of our herd, rather than class bulls and females separately.

All bulls are guaranteed to breed with proper care. No young bull shall be allowed to serve before 14 months old, or run with the cows until 20 months of age. Females four months in calf at time of sale or have calf at foot show evidence of breeding and no other guarantee is given. All other cows and heifers over sixteen months of age shall prove to be in calf or get in calf. If an animal fails to breed after a reasonable trial they can be returned if in good condition and another animal of equal value will be given in exchange after we have given them a reasonable trial, purchaser paying return expense.

**GUARANTEE**—Health certificate for both Bang's disease and tuberculosis will be furnished. Tests made within last 30 days.

Certificates of Registry for each lot as well as applications for calves at foot or in dam will be furnished with each lot sold. Transfer for each lot sold will be made to new owners.

### **TERMS—CASH.**

Time of sale—12:30 p. m.

Animals at owners' risk when sold. All stock will be cared for a reasonable time after sale and loaded on truck or train free of charge.

Will not offer any animal that we consider the least doubtful. Our cattle are clean and give most nearly 100 per cent calf crop each year.

We waive all responsibility in cases where purchaser does not conform to this guarantee and report failure of breeding guarantee within 3 months.

We will not be responsible for any accidents that may occur, but will make every effort to provide for the safety and comfort of our guests.

### **Field Men and Officials in Attendance**

Marvin Aegerter of the Shorthorn World.

Mr. Clinton Tomson of the Shorthorn Association.

Frank Richards of the Drovers Telegram.

Mail bids may be sent to any of the above men, the auctioneers or to the owner, if you cannot arrange to attend this sale. All bids so placed shall be honorably dealt with.

Hutchinson is a centrally located spot for good train facilities and convenient connections can be made from any direction. All good roads leading into Hutchinson for auto travel.

The Fair Grounds offer best accommodations and sale will be held in a heated pavilion. Through the courtesy of the Fair Manager, Mr. Mitchell, we are glad to be able to bring our cattle nearer a good local center for your appraisal and all preparations will be made for your comfort and convenience.

---

Headquarters for our sale will be at the Stamey Hotel and anyone desiring reservations will please write Mervin Aegerter, Sale Manager.

---

Lunch will be served at the sale by ladies of the church.

## *An Invitation of Welcome to our New Kansas Home*

---

Having been born on our farms in Illinois where Shorthorns have been successfully bred, dating back to my grandfather, J. R. Jones' first herd of cattle in 1885, it was only natural we could not part with our Shorthorn connections when we decided to move to Kansas.

Our many friends strongly advised against such a move and against bringing our cattle here. We sold a part of our Imperial View Shorthorns to Mr. Thorp Metz, who now owns our old home at Williamsville, Ill., and are proud he is producing quality Shorthorns from some of our breeding and keeping up the tradition on that farm.

We would now like to extend to you all, lovers of good Shorthorns, and our many friends, the same welcome to our new home here, where we have lived the past three years.

We can confidently now tell you our cattle have fared well in their new surroundings and we believe we are offering you the best lot of cattle we have ever sold at public auction, and we have had many sales.

Also we can tell you the Taylors have fared well in new friends and surroundings and are quite happy with our operations here.

With a high altitude of 3,000 feet our cattle are out doors twelve months of the year, and irrigation makes it possible that we have an abundance of feed.

**We have kept the faith in good Shorthorns** out here in the West where Hereford cattle are predominant. Our young bulls have sold locally where we felt they will do the trade some good.

No females sold for breeding purposes until now we can offer you a draft of 50 lots of the best cattle it has been our good fortune to sell.

Our Shorthorns here number over 70 head after this sale. We have lots of beef in the making through commercial herd of 450 steers and heifers that we are feeding to help support the beef production.

We are told that production of this kind is a major war effort, and we are striving to do our part through the making of more and better beef. We feel this lot of highly desirable young cattle will do their part in the new owners' hands and we are proud to offer them to you at this time.

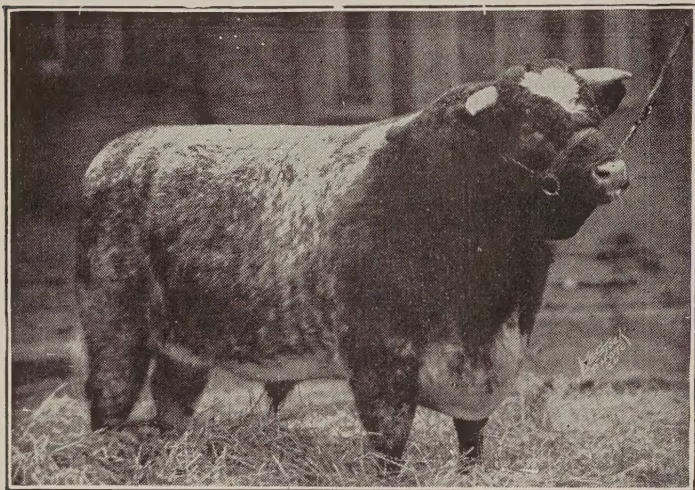

Because of the many travel restrictions we will sell at the Hutchinson Fair Grounds as a more central point for your convenience and we look forward to meeting many old friends and making new friends. You are invited also to visit us here at home and to see our cattle in Western Kansas. We hope you won't forget December 4th.

Sincerely,

RALPH J. TAYLOR & SON.

Victor's Clipper has developed into one of the thickest and deepest fleshed bulls we have ever used, following the use of 3 sons of International Grand champions pictured elsewhere. His calves in this sale will be ample proof of his ability as a sire. His dam is a dark red cow of grand scale and conformation. He was purchased at foot as an outstanding calf with just the kind of cow we wanted to mother our herd bull.

Imperial Dale is a deep rugged bull of our own breeding and because of the many good daughters we have by Imperial Renown, we expect to carry his good qualities on in our herd thru this good son. Several heifers in the sale carry his service. His dam is just the type of cow to produce a herd bull you should expect to pass on the good beef and milk combination so desirable in Shorthorns. She is one of our most valued producers.

We are retaining the calf and selling the cow as a major attraction.

SPECIAL NOTICE

Due to war conditions it was impossible to get an experienced photographer in time to get good pictures of our cattle for this sale.

We are presenting only a fair likeness in the following cuts used. All are untouched photographs.

Some of our snapshots are very good but we realize they do not favorably present our cattle. Come see them Dec. 4. You will then understand what we are trying to tell you.

**Silvercoat**—Sire, Silver Champion 635123 by Champion Goods 410385, out of Silver Maid 218948. Dam, Mysie E 742969 by Denmark Jr 432677, out of Mysie C 150341.

Imperial Gloster 9th will make a cow of scale and is also from a strong line of breeding. We are retaining her dam and a full sister in the herd.

The following nine females are of one type and strong in the blood of Tomson Bros. famed Proud Archer, and other good bulls bred by them. Note several carry four and five generations of Tomson breeding. We purchased a number of these good females bred by Mr. Bird to enlarge our herd after coming to Kansas and can highly recommend them as cattle of the right kind.

**Goldspur's Mina** is also heavy in calf to Imperial Baronet and should be a top cow. Her dam sells in this sale and is a very desirable type.

Here is an interesting story of what a good producing cow can do under ordinary farm management. Queen Valentine 2d is now nursing probably her best daughter—she is only four years old and is rebred for her fourth calf. A real family on these two pages.

**M**Y acquaintance with Ralph Taylor dates back many years and covers the period during which he maintained a strong herd at his farm near Williamsville, Illinois. Throughout this entire period I have had the highest respect for his ability as a cattleman. In his production of purebred Shorthorn cattle, he has always adhered to those foundation animals that represented a correct combination of good individuality and strong Scotch ancestry and, through a careful breeding program, he has produced cattle that have proved thoroughly profitable to all who have acquired them. Now that his permanent breeding herd is located in Kansas, I am certain that the farmers and breeders of this great cattle state will reap unusual benefits through his efforts. The sale to be held at Hutchinson on December 4th should provide a splendid source of good seed stock.

—Hal Longley of The Shorthorn World
